Hallelujah, Hallelujah

Under His wing the faithful can sing

And we're gaining ground as we lift up the sound

Heaven's kingdom this day advances with praise

We'll not shrink back we will press the attack

Hallé Hallé Hallé, Hallé Hallé Hallé, Hallé Hallé Hallé

Hallelujah!

The face of the Lord is radiant and true

Just look in His eyes our pride is consumed

His holy right arm he takes from his robe

His holy right arm – to carry us home

We are transformed, renewed and reborn

We have a story, "from glory to glory". Hallelujah
