

# Sit Down

© 2003 Russ Rosen Big Tree publishing

G Bm  
Sit down, sit down and dream

Bb  
you've not yet seen

E  
Things I've got planned for you

G Bm  
Sit down, sit down and rest

Bb  
Take a load off your chest

E  
I want you blessed, O yes

Am Am/F# Am/F  
You'll be lifted up high to where the sky does not fall

Am Am/F# Am/F  
You'll be lifted up high to where my love overflows

C D G  
And I will be with you.

Sit down, sit down relax,  
Break the bag off your back  
Let it slide let it slack  
Sit down, Sit down unwind  
Just release your mind  
You'll be surprised what you'll find this time

Am C  
To speak to your spirit  
Dadd4add9 Fm  
I got to get past your mind

Sit down, let me whisper in your ear  
Let you know that I am near  
There's no need to fear my dear  
Sit down, let me give you a kiss  
I don't want you to miss  
Don't miss the bliss of this
